Dear Mr. and Mrs. Koch:

Thank you for contacting me about your cabin at Mineral King. Last month, I had a meeting on this same subject with the Mineral King District Association. I appreciate your collective efforts to make me aware of this important issue.

I am enclosing copies of letters that I sent today to National Park Service Director Roger Kennedy and Association President Jim Ingram. These will outline my initial approach to resolving this matter.

As we begin to work together on this issue, it will be a real task to keep all 67 cabin owners informed. It will improve communication if we use the Association President as a clearinghouse for information between my office and the cabin owners. Please let me know if this arrangement would create any problem for you. This should also maximize the time available to work on your behalf.

Again, thank you for bringing this matter to my attention.

Sincerely,

RICHARD H. LEHMAN
